WHAT WE DID

Our DDA Model is a limited lending model

- All USMAI Campuses have access to all of the titles in our collection both prior to the STL/Autopurchase and after an autopurchase occurs.
- There is no multiplier
- Additional copies are purchased based on use
- Consortia may set the autopurchase level where they want (i.e. after the 3rd STL or 4th STL, etc.)

Broad profile with few subjects or call number ranges removed. We did elect to exclude the following:

- LC Subject Exclusions: Agriculture, Architecture, Manufacturing, Engineering, Mining, Home Economics, Publishing
- LC Class Exclusions: RB (Pathology), RC (Internal Medicine. Practice of Medicine), RD (Surgery), RE (Ophthalmology), RF (Otorhinolaryngology), RK (Dentistry), RL (Dermatology), RV (Botanic, Thomsonian and eclectic medicine)
- Limited to 2012 later
- Originally included a small group of publishers who had said yes to our model (32 originally said yes, 3 considering, 6 no)
