“МИД РФ выразил недоумение требованием американских сенаторов пересмотреть оценки МОК российского закона о запрете пропаганды нетрадиционных сексуальных отношений среди несовершеннолетних и напомнил, что однополые сексуальные связи по-прежнему уголовно наказуемы в 76 странах мира. Об этом сообщает РИА Новости.

Как сказано в комментарии уполномоченного МИД России по вопросам прав человека Константина Долгова, «упомянутый закон не направлен на дискриминацию секс-меньшинств, а нацелен исключительно на защиту детей от неподобающей и вредной для их возраста информации. Он не нарушает международных обязательств России в правочеловеческой сфере».”
